

## **MN SAF Foresters' Fund Annual Report to National Society of American Foresters**

Every year at its Annual Conference, the Minnesota Society of American Foresters organizes a Foresters' Fund raffle. The State society keeps 1/3 of revenues and sends the other 2/3 to the National office as a contribution to fund National Foresters' Fund activities. The 1/3 kept at the State level is allocated on an open and competitive process for educational projects. Project selection criteria at the State level are identical to those at the National level.

Funds forwarded to National are addressed as follows:
